

Module 4.3 Urban Driving Pre-Test

Name _____ Date _____

1. Whenever you approach a yield sign at an intersection, you should:
 - A. always stop.
 - B. give all oncoming cars the right of way.
 - C. yield to those on the left.
 - D. yield to the first driver at the intersection.
2. When searching into intersections, a good habit is to:
 - A. reduce speed before entering the intersection.
 - B. search left and right before entering.
 - C. search deep to the left, front, right.
 - D. move to lane position three for improved line-of-sight.
3. An advantage of keeping a minimum three to four second following distance in urban traffic is that you:
 - A. can see only the vehicle ahead.
 - B. can see farther down the road.
 - C. have less time to react to hazards.
 - D. can predict and react to hazards more quickly.
4. While driving in congested urban conditions,
 - A. keep your vehicle close to others.
 - B. cover the brake pedal.
 - C. stay at the posted speed.
 - D. signal a lane change 50 feet before the lane change.
5. Why is driving in a business district more difficult than driving in other environments? List three examples of risky driving behaviors in business districts.
